Canadian Student Loan Program

Through the Canadian Student Loan Program, loans are provided to Canadian students through their province/territory even if the student attends a college outside of Canada. A student may obtain an application kit from their high school guidance counselor, a Canadian college or university, or the Student Awards Branch of the Ministry of College and Universities within their province/territory. Please read all instructions carefully because each province/territory follows its own procedures. Kuyper College's Financial Aid Office will need to fill out a portion of the loan application in order to confirm the amount requested, enrollment status, program of study and other information requested by the Canadian Government. Please turn your completed application in to the Financial Aid Office as soon as possible, as the loan may take up to 10 weeks to process.

Student Employment Program

There are opportunities for students to work on-campus. Please refer to our website (www.kuyper.edu) and look under Tuition & Aid to find the Student Employment page (<https://www.kuyper.edu/tuition-and-financial-aid/studentemployment>).

Dual Citizenship

If a Canadian student has citizenship in both the United States and Canada ("dual citizenship"), the student may apply for U.S. government financial aid by first completing the Free Application for Federal Student Aid (FAFSA). The FAFSA is available at www.fafsa.gov and will be processed through Kuyper's Financial Aid Office.
