

Sunrise Ministries is a growing, healthy, independent church in West Michigan that has been in existence for nearly 19 years. In a community with “a church on every corner,” we realize there are still many who need to be reached. Sunrise is called to “Transform the world with God’s grace and love.” We have five distinct values that enable us to carry out this mission: by being Biblical, Evangelistic, Authentic, Compassionate, and Thankful.

Our vision guidelines for 2023 – 2026 calls us as a church to participate in His mission to transform the world with His grace and love by putting our focus and resources where He is moving. This vision has three areas of focus. First, to grow deeper through increased Bible reading, prayer, and discipleship. Second, to grow closer as a unified body that promotes authenticity, caring, and community-building. Third, to grow wider through our involvement with our world mission projects in Niger and India as well as our local involvement with Love One Another and other mission opportunities as God leads.

Sunrise Ministries is a staff-led church, so the next pastor will be someone with the ability to lead the staff in setting Ministry Goals as steps to fulfilling the Vision Guidelines.
